## EDUCATION

---

2019-2023 B.Tech at **Dr Ambedkar Institute Of Technology for Handicapped** (GPA: 8/10)  
kanpur,UttarPradesh

## SKILLS

---

<b>Languages</b>	C++ ,JavaScript , SQL, HTML5 ,CSS3
<b>Libraries and Frameworks</b>	ExpressJS, Nodejs,ReactJs, Bootstrap
<b>Tools and Databases</b>	Git, Github, VScode ,MongoDB, MySQL, Postman
<b>Soft Skills</b>	Leadership, Time Management, Problem Solving

## PROJECTS

---

### Mern-Chat-App

[Link](#)

- Developed a chat application using React, Nodejs, Express, and MongoDB to allow users to send and create groups with their contacts.
- Designed and implemented a scalable and efficient database architecture using MongoDB to store user , group ,message information.
- Built a robust authentication system using JSON Web Tokens (JWT) to secure user accounts and protect sensitive information

### Expense-Tracker

[Link](#)

- Created a server using Node.js and Express to handle HTTP requests and responses, defining routes for creating, updating, and deleting expenses, and for retrieving expenses.
- Created a server using Node.js and Express to handle HTTP requests and responses, defining routes for creating, updating, and deleting expenses, and for retrieving expenses.
- Implemented user authentication using JsonWebToken to ensure only authorized users can access the expense tracker.

### E-commerce Web-APP

[Link](#)

- Developed an e-commerce web application using Node.js and Express to provide a seamless shopping experience to customers. Designed and implemented RESTful APIs to enable seamless communication between the frontend and backend of the application.
- Implemented a scalable and efficient database architecture using MySQL to store user information, product data, and transaction records.

## WORK EXPERIENCE

---

### Backend Intern

Attire Valley

Developing RESTful APIs using Node.js and Express to handle HTTP requests and responses.

Implementing user authentication and authorization using libraries like JWT.

Designing and implementing scalable architectures for applications using best practices and patterns.
